Made in WEST GERMANY (Early and late decade noted)	Releases / Versions	Quantity
*Note that in a number of cases, two (2) vehicles are represented on one Unit Card. This is done when the variants do not differ significantly enough to change a large amount of unit data, so a consolidation is presented, with special notes that address each model or variant. This is also, in our opinion, better market value for our customers.		
1970s Tanks		
M48A2G2 (early era)	Update 1.1

CZECHOSLOVAKIA AND POLAND		Versions / Release Dates	Quantity
*Note that just as other WARPAC nations, these used or licensed a wide variety of Soviet designs and created variants, including the T-72, BMP, MTLB, BTR, BRDM, PT-76, Gaz-66, UAZ-469 vehicle series and others. Below we have offered only the units which are distinctly different by design, or unique to these two countries of origin. Players should use Soviet Unit Cards to supplement their forces from most WARPAC member nations.
